## 5-YEAR PLAN PHA FISCAL YEARS 2005 - 2009

[24 CFR Part 903.5]

	[21 CIRI at 703.5]
State the	Elission  e PHA's mission for serving the needs of low-income, very low income, and extremely low-income in the PHA's jurisdiction. (select one of the choices below)
	The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.
⊠ B. G	The PHA's mission is: (state mission here) To promote, manage and maintain real estate including its current housing stock, provide additional affordable, economic opportunity and a suitable living environment free from discrimination for residents in the City of East Chicago.
The goal emphasidentify PHAS A SUCCE (Quantity	als and objectives listed below are derived from HUD's strategic Goals and Objectives and those ized in recent legislation. PHAs may select any of these goals and objectives as their own, or other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF ESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS. fiable measures would include targets such as: numbers of families served or PHAS scores d.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.
HUD S	Strategic Goal: Increase the availability of decent, safe, and affordable ng.
	PHA Goal: Expand the supply of assisted housing Objectives:  Apply for additional rental vouchers:  Reduce public housing vacancies: Undergo renovation/modernization of current Public Housing stock to alleviate vacancies and high waitlist numbers.  Leverage private or other public funds to create additional housing opportunities:  Acquire or build units or developments  Other (list below)
	PHA Goal: Improve the quality of assisted housing Objectives:  Improve public housing management: (PHAS score) From 81 to 95 Improve voucher management: (SEMAP score)

Increase customer satisfaction:

		Concentrate on efforts to improve specific management functions: (list; e.g., public housing finance; voucher unit inspections)  Quantifiable Measure: Improve staff qualifications in the areas of finance, procurement, capital funds, housing
		inspection resident programs, and Section 8 Renovate or modernize public housing units: Quantifiable Measure: Modernize 808 units - upgrade various components Demolish or dispose of obsolete public housing: Provide replacement public housing: Provide replacement vouchers: Other: (list below)
	PHA C	Goal: Increase assisted housing choices ives:  Provide voucher mobility counseling:
		Conduct outreach efforts to potential voucher landlords
		Increase voucher payment standards
	$\mathbb{H}$	Implement voucher homeownership program:
	H	Implement public housing or other homeownership programs: Implement public housing site-based waiting lists:
		Convert public housing to vouchers:
		Other: (list below)
HUD :	Strateg	ic Goal: Improve community quality of life and economic vitality
	PHA Object	Goal: Provide an improved living environment ives:
		Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments: Using the deconcentration program already approved by the East Chicago Housing
		Authority Board of Commissioners.  Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income
		developments: Using the deconcentration program already approved by the East Chicago Housing Authority Board of Commissioners.
		Implement public housing security improvements: Using capital funds (2005,2006, 2007, 2008, 2009) to install security improvement: locks,
		entry doors, lights throughout all developments  Designate developments or buildings for particular resident groups
		(elderly, persons with disabilities)
		Other: (list below)

# **HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals**

house	holds	Goal: Promote self-sufficiency and asset development of assisted
nouse		tivac
	Objec	Increase the number and percentage of employed persons in assisted families: Utilize the Memorandum of Understanding between the ECHA and Workforce Development Services, Inc. which establishes goals to ensure positive employment experiences and the pursuit of literacy to
		escape poverty.  Provide or attract supportive services to improve assistance recipients' employability:
		Provide or attract supportive services to increase independence for the elderly or families with disabilities.
		Other: (list below)
HUD	Strateg	cic Goal: Ensure Equal Opportunity in Housing for all Americans
HUD	PHA (	Goal: Ensure equal opportunity and affirmatively further fair housing
		Goal: Ensure equal opportunity and affirmatively further fair housing tives:  Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and
	PHA Objec	Goal: Ensure equal opportunity and affirmatively further fair housing tives:  Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability:  Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion
	PHA (Object	Goal: Ensure equal opportunity and affirmatively further fair housing tives:  Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability:  Undertake affirmative measures to provide a suitable living environment

Other PHA Goals and Objectives: (list below)

## Annual PHA Plan PHA Fiscal Year 2005

Small Agency (<250 Public Housing Units)	
Administering Section 8 Only	
☐ Troubled Agency Plan	

## ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Annual Plan Type

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The following housing issues have been identified by the City of East Chicago:

- Among elderly minority households with incomes below 50% of median,
   Hispanics were most likely to experience housing problems and were less likely to be homeowners.
- Among small family households with incomes below 50% of the median,
   Hispanic renter households were most likely to experience substandard housing.
- Among large family households with incomes below 50% of median, housing
  problems were extremely high for minority and non-minority households alike
  with overcrowding the most likely problem. Homeownership among these
  households was also exceptionally low.
- While very low income renter households consisting of single persons and non-related persons living together accounted for one-fifth of all very low income households and experienced significant housing problems and degrees of cost-burden, there are essentially no federal, state or local programs to assist these households.
- Extremely low income non-elderly homeowners lived in substandard housing and were cost burdened.
- With only a small segment of low income large family renter households experiencing cost burden, the predominant housing problem is more than likely to be overcrowding among this household type.
- The waiting list for public housing units include households who are in need of subsidized, affordable housing.
- There exists an even greater need for rental assistance than public housing in East Chicago.

To assist the City in meeting its housing needs, the Housing Authority of the City of East City has included the following initiatives and policy changes in this annual plan:

## 1. Shortage of affordable housing for all eligible populations

# Maximize the number of affordable units available to the PHA within its current resources by:

- a. Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies

## 2. Increase the number of affordable housing units by:

Apply for additional section 8 units should they become available

### 3. Assisting families at or below 30% and 50% of median by:

Adopt rent policies to support and encourage work

#### 4. Assisting Elderly by:

Apply for special-purpose vouchers targeted to the elderly, should they become available

### 5. Assisting Families with Disabilities by:

Carry out the modifications needed in public housing based on the section 504 Needs

Assessment for Public Housing

Affirmatively market to local non-profit agencies that assist families with disabilities

#### 6. Assisting Races or ethnicities with disproportionate housing needs by:

Increasing awareness of PHA resources among families of races and ethnicities with disproportionate needs by affirmatively market to races/ethnicities shown to have disproportionate housing needs

### 7. Conducting activities to affirmatively further fair housing by:

Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units

Market the section 8 program to owners outside of areas of poverty /minority concentrations

#### **Factors influencing the Housing Authority's selection of the strategies are:**

- Funding constraints
- Staffing constraints
- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the housing authority
- Results of consultation with local or state government
- Results of consultation with residents and the Resident Advisory Board

The Housing Authority has revised its Policies Governing Eligibility, Selection, and Admissions to comply with the Quality Housing and Work Responsibility Act of 1998 and to specifically accomplish the following goals:

- Deconcentration of Poverty and Income-Mixing in Public Housing and Section 8
- Intensified screening and resident selection criteria to reduce crime and to promote self-sufficiency among the public and Section 8 residents
- Promotion of choice in rental payment to encourage higher income residents

Asset management activities during Year 1 of the Agency Plan are:

- Capital improvements in developments IN 1, 2, 5, 6, 7, and 9.
- The development of a Section 8 voucher homeownership program

## iii. Annual Plan Table of Contents

[24 CFR Part 903.7 9 (r)]

Provide a table of contents for the Annual Plan, including attachments, and a list of supporting documents available for public inspection.

# 1. Statement of Housing Needs [24 CFR Part 903.7 9 (a)]

#### A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

Source: 2000, Comprehensive Housing Affordability Strategy (CHAS) for the City of East Chicago, IN In 2001, the U.S. Department of Housing and Urban Development provided modified data from the 2000 U. S. Census for the City of East Chicago. This data, originally included in the Comprehensive Housing Affordability Strategy (CHAS) for 1993-1999, clearly identifies those residents of the City that were experiencing problems with housing. Identifiable problems included cost burden, which is paying in excess of 30% of income for housing costs; lack of a complete kitchen; lack of complete plumbing; or overcrowding (1.01 or more persons per room). Based on this information, these households are ill-housed and in need of some form of assistance to alleviate their housing problems.

The CHAS also includes a summary of the number of households in each income category by tenure (owner or renter) and household type (large family, small family, etc.) and the percent of such households that had a housing problem. The needs of various households, by household type within each income category were also described. The extent to which the households within each group were cost-burdened and severely cost-burdened, and/or living in substandard housing was examined. And, the extent to which such problems impacted racial and ethnic groups was reviewed.

#### **Categories of Persons Affected**

#### **Very Low Income**

Very low income households are defined as those with incomes of less than 50% of the area median income. In East Chicago in 1990, very low income families were those with incomes up to \$18,461 for a family of four. Within this group were also extremely low income households whose incomes were less than 30% of median (that is, less than \$11,076).

There were 3,827 very low income households representing 59% of all households in East Chicago in 2000. Renters outnumbered owners nearly 3 to 1 with renter incomes of 0-30% outnumbering renter incomes of 31% - 50% by more than 2 to 1. In other words, the greatest percentage of households fell into the lowest income category in 2000. A discussion of each household type and its circumstances follows.

#### **Very Low Income Elderly**

Very low income elderly households accounted for 20% of all very low income renter households and 28% of all elderly households. An elderly household is one with one or two members (family or non-family) with a head of household or spouse age 62 or older. The needs of very low income elderly households include:

The need for subsidized rental housing:

- elderly renter households were living in physically inadequate housing units and were cost burdened.
- 57.4% of extremely low income elderly renter households were paying more than 30% of their income on housing costs; 34.4% of these were paying more than 50% of their income.
- 47.6% of all very low income renter households reported housing problems.

The need for cash assistance to support housing costs:

- elderly homeowners were cost-burdened and had difficulty maintaining their homes.
- 46.4% of all very low income elderly homeowners reported housing problems.
- 57.4% of all extremely low income elderly homeowners were paying more than 30% of their income on housing expenses; thus, it can be assumed that these households had scarce resources, if any, to maintain and repair their homes.

Minority households among very low income elderly renters accounted for 18% of all elderly households in the City, non-Hispanic blacks accounted for 19% and Hispanic households 17%. The rate of housing problems reported by this group was relative to non-minority households with 69% of all minority very low income elderly renter households reporting some type of housing problem. However, a distinction was made among non-Hispanic blacks at 58% and Hispanics at a significantly higher rate of 88%.

Minority elderly homeowners represented 52% of all elderly very low income homeowners with non-Hispanic black homeowners outnumbering Hispanic homeowners 65% to 37%. Within this income group, elderly homeowners composed the largest group among family types. Reported housing problems were high among this group with nearly 63% of all minority homeowners experiencing housing problems. The incidence of substandard housing was approximately the same between non-Hispanic blacks (62%) and Hispanics (66%).

Issue: Among elderly minority households with incomes below 50% of median, Hispanics were most likely to experience housing problems and were less likely to be homeowners,

#### **Very Low Income Small Families**

Very low income small family households accounted for 17% of all small family renters and 37% of all very low income renter households. Small family households are comprised of 2 to 4 related family members. Extremely low income small family renters outnumbered very low income by more than 3.5 to 1. The needs of this household group are similar to the elderly and include:

Need for subsidized rental housing:

- small family renter households were living in physically inadequate housing units and were cost-burdened.
- 70.1% of all extremely low income small family renter households were paying more than 30% of their income on housing costs;
- 46.4% were paying more than 50% of their income.
- 75% of extremely low income households reported housing problems in 2000; the rate among very low income was significantly lower at 41%.

Separate data for very low income small family homeowners were not available.

Minority households among very low income small family renters accounted for 50% of all very low income minority renter households in the City. Non-Hispanic blacks represented 51% of all very low income minority renters; Hispanic households included 49%. Housing problems among this group was relative in comparison to all very low income small family renter households with the exception of Hispanics where 77% reported housing problems.

Minority households among very low income small family homeowners accounted for 24% of this group with non-Hispanic blacks at 17% and Hispanics at 34%. Housing problems were the lowest for this very low income household size: all minority-headed households 40%, non-Hispanic blacks 39% and Hispanics 41%.

Issue: Among small family households with incomes below 50% of the median, Hispanic renter households were most likely to experience substandard housing.

#### **Low Income Large Families**

Very low income large family households accounted for only 18% of all very low income renter households but represented over 28% of all large family renter households in the City. A large family household is one with five or more related individuals living together. Extremely low income large family renters numbered 289 or 11% of all very low income large family renters. The housing assistance needs of this group were the same as for the previous groups discussed and include:

Need for subsidized rental housing:

- very low income large family rental households were living in physically inadequate housing units and were cost-burdened.
- 60.2% of extremely low income large family renters were paying more than 30% of their income or housing costs; 32.5% were spending in excess of 50% of their income.
- 75.8% of extremely low and 60.7% of very low income large family renters reported problems with their housing.

Minority large family renters accounted for 14% of all very low income renter households: 13% were non-Hispanic black households and 16% were Hispanics. Among these renters, reported

housing problems were by far the highest for this income group: 92% for all minorities, 89% among non-Hispanic blacks and 96% among Hispanics. Even among all large family renter households (minority and non-minority), 93% reported housing problems.

The incidence of overcrowding among this household size was significantly higher than among all other household sizes combined: among all renters, 9% experienced housing problems versus 54% for all large family renters. For homeowners, the incidence of overcrowding was substantially less: 5% for all owners versus 8% for all large family homeowners.

Homeownership among large family households with incomes below 50% of the median was extremely low. Only 7% of all very low income large family households Citywide were homeowners in 1990; among all minority-headed households, the rate was 13%. Hispanics were five times as likely to own a home as compared to non-Hispanic blacks. However, the rate for these two groups was still substantially low at 21% and 4%, respectively. Housing problems among this group were also exceptionally high with 81% of all minority-headed large family homeowners experiencing housing problems, 53% among non-Hispanic blacks and 85% among Hispanics.

Issue: Among large family households with incomes below 50% of median, housing problems were extremely high for minority and non-minority households alike with overcrowding the most likely problem. Homeownership among these households was also exceptionally low.

#### **Very Low All Other Renter Households**

All other renter households include persons who reside together but who are not related to each other, as well as single person, non-elderly households. There were 1,561 such households in 2000, representing nearly 15% of all very low income renter households in East Chicago. Nearly 38% of these households had incomes less than 30% of the area median. Seventy-three percent (57.8%) of the extremely low income reported housing problems with their rental units. Sixty-three percent (50%) of those with incomes between 31% and 50% of median reported housing problems and 60.4% were cost-burdened.

Separate data for minority representation among very low income all other renter households were not available.

This group of households is not generally eligible for publicly assisted housing units unless an individual has a recognized disability. The need for another form of low cost, decent housing exists for this population segment. Single room occupancy (SRO) housing, shared housing or another alternative would be appropriate.

Issue: While very low income renter households consisting of single persons and non-related persons living together accounted for one-fifth of all very low income households and experienced significant housing problems and degrees of cost-burden, there is essentially no federal, state or local programs to assist these households.

#### **Very Low Income All Other Owners**

All very low income homeowners whose head of household is under age 65 are counted in this population segment, which accounted for 19% of all very low income homeowners. In other words, elderly homeowners outnumbered small family, large family and all other homeowners combined by nearly 2 to 1. Very low income all other owners were nearly evenly divided between the 0-30% and the 31%-50% income groups. However, a significantly higher number of extremely low income owners (57.8%) reported problems with their homes than very low income

homeowners (50%). Eighty-eight point nine percent (88.9%) of those with incomes of 0-30% of median were cost-burdened; the rate among very low income was substantially lower at 60.4%.

Very low income homeowners need assistance in maintaining and improving the physical conditions of their homes. With severely limited incomes, most of these homeowners do not have sufficient finances to pay for anything beyond their most basic needs. Subsequently, home repairs and maintenance work fall by the wayside. Programs which provide the necessary assistance to these homeowners include housing rehabilitation and weatherization, as well as fuel and utility assistance programs help to off-set monthly housing costs.

# Issue: Extremely low income non-elderly homeowners lived in substandard housing and were cost-burdened

#### Low Income

Households with incomes between 51% and 80% are considered low income; in East Chicago, households with income levels between \$18,462 and \$29,537 were categorized as low income households. In 2000 there were 1,197 low income households, representing 19% of all households. This income group was evenly divided among homeowners and renters. In contrast to very low income households, low income households were less likely to be cost-burdened with only 5.3% of all renters paying more than 30% of their income on housing costs and 1.7% households reported paying more than 50% of their income, compared to 62.3% to 39.8% of very low income renters. Low income renters were also less likely to have housing problems.

Among homeowners, housing problems were again much less likely among low-income households (16%) in contrast to very low income households (47.6% to 67.3%).

Racial and ethnic information on low income households was not provided by HUD and is not available from other sources.

#### **Low Income Elderly**

Low income elderly renter households numbered 158 in 2000, accounting for 13% of all low income renters and 13% of all elderly households in East Chicago. Only 17.7% of elderly low income renters paid more than 30% of their income on housing costs with 12.7% of households reporting severe cost-burden.

Low income elderly homeowner households accounted for nearly one-half of all low income homeowners but experienced significantly more problems than other low income homeowners. With 30.4% of elderly homeowners reported housing problems and 30.4% were cost-burdened.

The housing needs of low income elderly households should be predominantly addressed to renters. With elderly renters carrying the heaviest cost burden, subsidized rental housing would lessen their monthly housing expenses. Elderly homeowners may also benefit from rehabilitation, weatherization and utility assistance programs, although the need among this group appears to be relatively modest.

#### **Low Income Small Families**

Low income small family renter households accounted for a majority (47%) of low income renters and 20% of all small family renter households in 2000. Housing problems among this group were comparatively less than most other groups. Only 13.2% reported housing problems compared to 41% to 75% of very low income small family renters. Only 6.3% were cost-burdened with no small family renters paying 50% or more of their income on housing expenses.

Separate data on low income small family homeowners were not available.

Subsidized housing would provide financial relief to those small family renters who are cost-burdened.

#### **Low Income Large Families**

Low income large family renter households comprised only 11% of this population and 16% of all large family renters. However, housing problems were the most severe among this group in comparison with other low income renters. Fifty-one point nine percent (51.9%) experienced housing problems but none were cost-burdened. (This would suggest a problem with the condition of the housing units occupied by these households.) No large family renters paid 50% or more of their income on housing costs.

Separate data on low income large family homeowners were not available.

Subsidized housing would provide financial relief to those large family renters who are costburdened. In addition, financial assistance to property owners interested in rehabilitating their units up to code standards and renting the units to low income tenants would assist this group.

Issue: With only a small segment of low income large family renter households experiencing cost-burden, the predominant housing problem is more than likely to be overcrowding among this household type

#### Other Low Income All Other Renter Households

There were 345 low income renters in 2000, representing 29% of all low income renter households. Single persons and unrelated individuals living together comprised the largest category of low income renters. This group experienced only modest need in comparison to other low income renter households: none had problems with their units and none were cost-burdened. There were no low income all other renter households paying more than 50% of their income toward housing costs.

Subsidized housing would provide financial relief to these renters who are cost-burdened. However, ineligibility for rental assistance (particularly public housing) makes this a difficult group to house. A wider range of housing selection, including SRO and shared housing options, could assist in meeting the needs of such households.

#### **Low Income All Other Homeowner Households**

Low income all other homeowners accounted for 50% of low income homeowners and only 23% of homeowner households in East Chicago in 2000. This category of the population included small family and large family homeowner households. This group of homeowners experienced housing problems of a greater degree than low-income elderly homeowners. Twenty-four percent (24%) reported problems with their housing units and 20% were cost-burdened.

This group of homeowners would benefit from a housing rehabilitation program to assist them in maintaining their units in an affordable manner. Household budget counseling and home maintenance training would also be beneficial.

#### **Need For Supportive Housing**

Supportive housing is defined as residential units that provide a planned services component with access to a range of services identified as necessary for the resident to achieve personal goals. Various populations with special needs require supportive housing. The general needs of these persons are described below.

#### **Elderly and Frail Elderly**

When a person has one or more limitations on activities of daily living (ADL), he or she may need assistance to perform routine activities of daily living and therefore, can be considered frail. Elderly persons may need housing assistance for two reasons - financial and supportive. Supportive housing is needed when an elderly person is both frail and very low income since the housing assistance offers services to compensate for the frailty in addition to the financial assistance.

An estimate of the number of frail elderly requiring supportive services can be obtained by applying the national prevalency statistics for the proportion of elderly that require assistance with daily living skills to the number of elderly in the City who are very low income.

There were 4,483 persons age 65 and older in the City in 2000. Many of these were members of the 1,653 very low income owner and renter households shown on CHAS Table 1C. Applying the national prevalency statistic of 14.4% of all elderly who require assistance with daily living skills to this very low income population reveals a potential 238 elderly very low income frail elderly persons who may require assisted housing in East Chicago.

#### **Need For Public And Assisted Housing**

In East Chicago there exists a substantial waiting list of persons who wish to rent a public housing unit. As of August 2004 there was a total of 529 applicants waiting for units. The applicant households are categorized below. ECHA's greatest need is for small family units and handicapped accessible units.

Issue: The waiting list for public housing units renter households who are in need of subsidized, affordable housing.

There is also a substantial waiting list for Section 8 rental housing in East Chicago with 358 applicants. The greatest need is for small family housing units.

Issue: There exists an even greater need for rental assistance than public housing in East Chicago.

#### **Homeownership Needs**

The need for expanded homeownership opportunities is very evident in East Chicago. With a current homeownership rate of less than 50% Citywide, there is, for many reasons, insufficient opportunity for homeownership among household types of various income levels. This situation may contribute to the low turnover among Section 8 certificate and voucher holders. Section 8 tenant households in East Chicago generally retain the housing subsidies for a long and indefinite periods of time. Rather than using the Section 8 Program as a means to an end (i.e., homeownership and self-sufficiency), nearly all households remain within the program for many years. Perhaps, many households remain on the subsidy program because of the lack of decent, affordable housing opportunities in the City.

Expanded homeownership opportunities for low and moderate income households will be explored and implemented through the Five-Year Strategy for the City's CP. With the receipt of HOME entitlement funds, the City is better positioned to offer increased homeownership services and programs to eligible low and moderate income residents. Additionally, the City is planning to foster the development of new housing and homeownership opportunities for middle income households. With its convenient proximity to the employment center of metropolitan Chicago, East Chicago is in a good position to offer affordable housing for persons and families who work in Chicago but choose not to live in the city for a variety of reasons. There is also a growing concern that many of the young professionals who are originally from East Chicago and are now returning to live, work and raise their own families in their hometown cannot find suitable, decent housing within a reasonable price range. These are the households the City is very interested in retaining as tax-paying, economically independent households.

#### **Anticipated Changes In Housing Needs**

An economic development report recently completed by Mayor Pastrick's Gaming Task Force indicated that the placement of a riverboat casino in the East Chicago lakefront area is anticipated to stimulate other economic activities across the City, such as recreational development, housing and commercial development. A total of 1,900 jobs are expected to be created with a majority of these being made available to qualified East Chicagoans. However, with a June 2004 unemployment rate of 10.4% in East Chicago, it can be presumed that many residents who are presently underemployed or unemployed will take jobs at the casino. It is also presumed that for the time being, many of the locally employed residents will remain in their current housing unit.

However, with increased wages and the opportunity for better employment in the future, the City does anticipate the need for additional market-rate rental housing, newly constructed housing for homeownership and additional small scale, multi-family housing units.

#### Summary of Identified Issues/Estimated Housing Needs for 2004-2009

The following issues, highlighted throughout this section of the document, will assist the City in determining the goals and objectives to be established for the development of the Five-Year Strategy and the One-Year Action Plan for 2005.

- Among elderly minority households with incomes below 50% of median,
   Hispanics were most likely to experience housing problems and were less likely to be homeowners.
- Among small family households with incomes below 50% of the median, Hispanic renter households were most likely to experience substandard housing.
- Among large family households with incomes below 50% of median, housing problems were extremely high for minority and non-minority households alike

with overcrowding the most likely problem. Homeownership among these households was also exceptionally low.

- While very low income renter households consisting of single persons and non-related persons living together accounted for one-fifth of all very low income households and experienced significant housing problems and degrees of cost-burden, there is essentially no federal, state or local programs to assist these households.
- Extremely low income non-elderly homeowners lived in substandard housing and were cost burdened.
- With only a small segment of low income large family renter households experiencing cost burden, the predominant housing problem is more than likely to be overcrowding among this household type.
- The waiting list for public housing units include households who are in need of subsidized, affordable housing.
- There exists an even greater need for rental assistance than public housing in East Chicago.

#### C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

To assist the City in meeting its housing needs, the Housing Authority of the City of East City has included the following initiatives and policy changes in this annual plan:

## 1. Shortage of affordable housing for all eligible populations Maximize the number of affordable units available to the PHA within its current resources by:

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies

#### 2. Increase the number of affordable housing units by:

Apply for additional section 8 units should they become available

#### 3. Assisting families at or below 30% and 50% of median by:

Adopt rent policies to support and encourage work

#### 4. Assisting Elderly by:

Apply for special-purpose vouchers targeted to the elderly, should they become available

### 5. Assisting Families with Disabilities by:

- Carry out the modifications needed in public housing based on the section 504
   Needs
- Assessment for Public Housing
- Affirmatively market to local non-profit agencies that assist families with disabilities

#### 6. Assisting Races or ethnicities with disproportionate housing needs by:

Increasing awareness of PHA resources among families of races and ethnicities with disproportionate needs by affirmatively market to races/ethnicities shown to have disproportionate housing needs

#### 7. Conducting activities to affirmatively further fair housing by:

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations

Factors influencing the Housing Authority's selection of the strategies are:

- Funding constraints
- Staffing constraints
- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available
- Results of consultation with local or state government
- Results of consultation with residents and the Resident Advisory Board

The Housing Authority has revised its Policies Governing Eligibility, Selection, and Admissions to comply with the Quality Housing and Work Responsibility Act of 1998 and to specifically accomplish the following goals:

- Deconcentration of Poverty and Income-Mixing in Public Housing and Section 8
- Intensified screening and resident selection criteria to reduce crime and to promote self-sufficiency among the public and Section 8 residents
- Promotion of choice in rental payment to encourage higher income residents

Asset management activities during Year 1 of the Agency Plan are:

- Capital improvements in developments IN 1, 2, 5, 6, 7, and 9.
- The development of a Section 8 voucher homeownership program

#### (1) Strategies

Need: Shortage of affordable housing for all eligible populations

1. I	How many site-based waiting lists will the PHA operate in the coming year? 0
2. [	Yes No: Are any or all of the PHA's site-based waiting lists new for the upcoming year (that is, they are not part of a previously-HUD-approved site based waiting list plan)?  If yes, how many lists?

3. Yes No: May families be on more than one list simultaneously If yes, how many lists?
<ul> <li>4. Where can interested persons obtain more information about and sign up to be on the site-based waiting lists (select all that apply)?</li> <li>PHA main administrative office</li> <li>All PHA development management offices</li> <li>Management offices at developments with site-based waiting lists</li> <li>At the development to which they would like to apply</li> <li>Other (list below)</li> </ul>
(3) Assignment
a. How many vacant unit choices are applicants ordinarily given before they fall to the bottom of or are removed from the waiting list? (select one)  One Two Three or More
b. Yes No: Is this policy consistent across all waiting list types?
c. If answer to b is no, list variations for any other than the primary public housing waiting list/s for the PHA:
(4) Admissions Preferences
a. Income targeting:  Yes No: Does the PHA plan to exceed the federal targeting requirements by targeting more than 40% of all new admissions to public housing to families at or below 30% of median area income?
b. Transfer policies: In what circumstances will transfers take precedence over new admissions? (list below Emergencies Overhoused Underhoused Medical justification Administrative reasons determined by the PHA (e.g., to permit modernization work)
Resident choice: (state circumstances below) Other: (list below)

c. Preferences
1. Yes No: Has the PHA established preferences for admission to public housing (other than date and time of application)? (If "no" is selected, skip to subsection (5) Occupancy)
2. Which of the following admission preferences does the PHA plan to employ in the coming year? (select all that apply from either former Federal preferences or other preferences)
Former Federal preferences:  Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)  Victims of domestic violence  Substandard housing  Homelessness  High rent burden (rent is > 50 percent of income)
Other preferences: (select below)  Working families and those unable to work because of age or disability  Veterans and veterans' families  Residents who live and/or work in the jurisdiction  Those enrolled currently in educational, training, or upward mobility programs  Households that contribute to meeting income goals (broad range of incomes)  Households that contribute to meeting income requirements (targeting)  Those previously enrolled in educational, training, or upward mobility programs  Victims of reprisals or hate crimes  Other preference(s) (list below)
3. If the PHA will employ admissions preferences, please prioritize by placing a "1" in the space that represents your first priority, a "2" in the box representing your second priority, and so on. If you give equal weight to one or more of these choices (either through an absolute hierarchy or through a point system), place the same number next to each. That means you can use "1" more than once, "2" more than once, etc.
1 Date and Time
Former Federal preferences:  Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)  Victims of domestic violence Substandard housing Homelessness High rent burden
Other preferences (select all that apply)  Working families and those unable to work because of age or disability  Veterans and veterans' families

	Residents who live and/or work in the jurisdiction
$\boxtimes$	Those enrolled currently in educational, training, or upward mobility programs
	Households that contribute to meeting income goals (broad range of incomes)
	Households that contribute to meeting income requirements (targeting)
	Those previously enrolled in educational, training, or upward mobility
	programs
	Victims of reprisals or hate crimes
$\boxtimes$	Other preference(s) (list below)
	In an effort to reduce the Housing Authority's dependency on the Federal
	government for rental subsidy, the Housing Authority has elected to establish the
	following local preferences:

Working Family. An applicant family or individual whose head of the household is working minimum of twenty-five (25) hours per week will be given a priority over an applicant who is not employed. The working family must have been employed for the past twelve (12) months and agree to remain employed during his/her tenancy. The Housing Authority will give appropriate consideration to adjusting the minimum work hours if the family is also attending an education or job-training class. The applicants given a preference under this category are required to register with the Housing Authority's Family Self-Sufficiency Program once housed by the Authority. This preference will be limited to a maximum of fifty percent (50%) of the applicants housed within a given Housing Authority fiscal year 5 points will be given for this preference.

**In-Training Family.** An applicant family or individual whose head of the household is already regularly attending a bona-fide job training program, a college for a minimum of nine (9) credit hours or an adult education GED class will be given a priority. These applicants must also register with and fully participate in the Housing Authority's Family Self-Sufficiency Program until they complete their training/education programs and become employed in a job. 5 points will be given for this preference.

**Involuntarily Displaced Family.** An applicant family involuntarily displaced as a result of a natural disaster, government action, HUD disposition, The Housing Authority modernization/disposition, witness protection program, domestic violence/hate crimes or certain actions by the landlord will be given priority. The involuntary action must be beyond the applicant family's ability to control or prevent. If an applicant family voluntarily vacates his/her unit for personal reasons or is evicted for any lease violations, he/she will not qualify for this preference 5 points will be given for this preference.

**Elderly, Handicapped or Disabled Family.** An applicant family whose head of the household is defined as elderly, disabled or handicapped by HUD definitions and receives Social Security or SSI will be given a preference. 5 points will be given for this preference. A family or individual who has applied for or is living in a public housing unit, but whose special needs can not be economically met in

one of the public housing sites will receive a preference under the Section 8 program.

Elderly, disabled, or displaced over other singles. The Housing Authority shall continue the statutory admissions preference of the elderly, disabled, or displaced over other singles set forth in 24 CFR 912.3 and 950.301(d) of the program regulations. The Housing Authority gives preference to a family (a) whose sole member is a displaced person or (b) whose head or spouse or sole member is an elderly person or a disabled person over a single person that is not elderly, disabled, or displaced.

Applicants who have been verified as eligible to receive housing assistance will be placed on the Housing Authority's community-wide Waiting List in sequence based upon their total preference points, time and date of their applications and suitable type or size of unit needed. The Housing Authority's Local Preference system has been designed to attain HUD's goal of housing families with a broad range of incomes and avoiding concentrations of the most economically deprived families.

	tionship of preferences to income targeting requirements:  The PHA applies preferences within income tiers  Not applicable: the pool of applicant families ensures that the PHA will meet ncome targeting requirements	
(5) Occi	<u>upancy</u>

## **B. Section 8**

Exemptions: PHAs that do not administer section 8 are not required to complete sub-component 3B. Unless otherwise specified, all questions in this section apply only to the tenant-based section 8 assistance program (vouchers, and until completely merged into the voucher program, certificates).

### (1) Eligibility

a. Wh	criminal or drug-related activity only to the extent required by law or regulation Criminal and drug-related activity, more extensively than required by law or regulation  More general screening than criminal and drug-related activity (list factors below)  Other (list below)
b. 🔀	Yes No: Does the PHA request criminal records from local law enforcement agencies for screening purposes?
c. 🗵	Yes No: Does the PHA request criminal records from State law enforcement agencies for screening purposes?
d. 🔀	Yes No: Does the PHA access FBI criminal records from the FBI for screening purposes? (either directly or through an NCIC-authorized source)
	icate what kinds of information you share with prospective landlords? (select all apply)  Criminal or drug-related activity  Other (describe below)
(2) Wa	aiting List Organization
	th which of the following program waiting lists is the section 8 tenant-based sistance waiting list merged? (select all that apply)  None  Federal public housing  Federal moderate rehabilitation  Federal project-based certificate program  Other federal or local program (list below)
	here may interested persons apply for admission to section 8 tenant-based sistance? (select all that apply)  PHA main administrative office  Other (list below)

(3) Search Time		
a. X Yes No: Does the PHA give extensions on standard 60-day period to search for a unit?		
<ul> <li>If yes, state circumstances below:</li> <li>The applicants will be advised that the voucher will be valid for sixty (60) calendar days.</li> <li>The voucher may be extended up to a maximum of an additional sixty (60) calendar days provided that at least one of the following conditions are met: <ul> <li>The family can demonstrate that they have had difficulty in locating a unit due to the lack of available units.</li> <li>The family has had an event to occur that was beyond their control that prevented or hindered their search for a unit.</li> <li>After submission of a request for lease approval, a prospective landlord withdraws their intention to rent to the tenant through no fault of the tenant.</li> </ul> </li></ul>		
(4) Admissions Preferences		
a. Income targeting		
Yes No: Does the PHA plan to exceed the federal targeting requirements by targeting more than 75% of all new admissions to the section 8 program to families at or below 30% of median area income?  b. Preferences  No: Has the PHA established preferences for admission to section 8		
tenant-based assistance? (other than date and time of application) (if no, skip to subcomponent (5) Special purpose section 8 assistance programs)		
2. Which of the following admission preferences does the PHA plan to employ in the coming year? (select all that apply from either former Federal preferences or other preferences)		
Former Federal preferences  Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)  Victims of domestic violence Substandard housing Homelessness High rent burden (rent is > 50 percent of income)		
Other preferences (select all that apply)  Working families and those unable to work because of age or disability  Veterans and veterans' families  Residents who live and/or work in your jurisdiction  Those enrolled currently in educational, training, or upward mobility programs		

OMB Approval No: 2577-0226 (exp. 02/28/2006)

	Households that contribute to meeting income goals (broad range of incomes) Households that contribute to meeting income requirements (targeting) Those previously enrolled in educational, training, or upward mobility programs Victims of reprisals or hate crimes Other preference(s) (list below)	
	Elderly families and displaced persons having priority over single persons. Disabled family currently housed in a unit that does not provide for reasonable accommodations.	
3. If the PHA will employ admissions preferences, please prioritize by placing a "1" in the space that represents your first priority, a "2" in the box representing your second priority, and so on. If you give equal weight to one or more of these choices (either through an absolute hierarchy or through a point system), place the same number next to each. That means you can use "1" more than once, "2" more than once, etc.

<ul> <li>b. How does the PHA announce the availability of any special-purpose section 8 programs to the public?</li> <li>Through published notices</li> </ul>
Other (list below)
4. PHA Rent Determination Policies [24 CFR Part 903.7 9 (d)]
<b>A. Public Housing</b> Exemptions: PHAs that do not administer public housing are not required to complete sub-component 4A.
(1) Income Based Rent Policies  Describe the PHA's income based rent setting policy/ies for public housing using, including discretionary (that is, not required by statute or regulation) income disregards and exclusions, in the appropriate spaces below.
a. Use of discretionary policies: (select one)
The PHA will not employ any discretionary rent-setting policies for income based rent in public housing. Income-based rents are set at the higher of 30% of adjusted monthly income, 10% of unadjusted monthly income, the welfare rent, or minimum rent (less HUD mandatory deductions and exclusions). (If selected, skip to sub-component (2))

X	The PHA employs discretionary policies for determining income based rent (If selected, continue to question b.)
b. Min	imum Rent
	t amount best reflects the PHA's minimum rent? (select one) \$0 \$1-\$25 \$26-\$50
2. 🖂	Yes No: Has the PHA adopted any discretionary minimum rent hardship exemption policies?
3. If ye	s to question 2, list these policies below:

Admissions and Continued Occupancy Policy and Procedure: The Housing Authority shall grant an exemption from payment of this minimum rent if the family is unable to pay that rent as a result of financial hardship, as described in

the responsible entity's written policies.

**Financial hardship.** The financial hardships shall include the following: suspend the minimum rent requirement immediately, until the Housing Authority determines whether there is a qualifying financial hardship and whether the hardship is long-term.

**Determination of Temporary Financial Hardship.** If the Housing Authority determines that there is a qualifying hardship, but that it is temporary, the Housing Authority reinstates the minimum rent from the time of suspension. The Housing Authority will not evict the family for nonpayment of the amount of minimum rent in excess of tenant rent otherwise payable during the 90-day period beginning on the date the family requested an exemption. The Housing Authority will offer the family a reasonable repayment agreement for the amount of back rent owed.

If the Housing Authority determines there is no qualifying hardship exemption, the Housing Authority shall reinstate the minimum rent including the back payment for minimum rent from the time of suspension on terms and conditions established by the Housing Authority.

The Housing Authority recognizes that this requirement may impose severe hardships for some assisted families that have adjusted monthly incomes so low that their rental obligation is below the "minimum rent" charged. These families may be unable to pay the "minimum rent," which in turn may expose them to eviction for nonpayment.

Therefore the Housing Authority shall take action to ensure that families with severe hardships are not evicted specifically as a result of their inability to pay the new minimum rents.

c. Rents set at less than 30% than adjusted income
1. Yes No: Does the PHA plan to charge rents at a fixed amount or percentage less than 30% of adjusted income?
2. If yes to above, list the amounts or percentages charged and the circumstances under which these will be used below:
d. Which of the discretionary (optional) deductions and/or exclusions policies does the PHA plan to employ (select all that apply)  For the earned income of a previously unemployed household member For increases in earned income  Fixed amount (other than general rent-setting policy)  If yes, state amount/s and circumstances below:
Fixed percentage (other than general rent-setting policy)  If yes, state percentage/s and circumstances below:
For household heads For other family members For transportation expenses For the non-reimbursed medical expenses of non-disabled or non-elderly families Other (describe below) The following permissive deductions, to the extent these amounts have not already been deducted from annual income or reimbursed to the family from other sources, are:  • Excessive travel expenses, in an amount not to exceed \$25 per family per week for travel related to employment, education, or training.  • An amount of a family's earned income, based on any of the following: (i) All the earned income of the family; (ii) The amount earned by particular members of the family; (iii) The amount earned by families having certain characteristics; or (iv) The amount earned by families or members during certain periods or from certain sources.  • Other deductions include but are not limited to payroll deductions, such as
social security taxes, income taxes and medical insurance premiums.

# e. Ceiling rents

1. Do you have ceiling rents? (rents set at a level lower than 30% of adjusted income) (select one)

OMB Approval No: 2577-0226 (exp. 02/28/2006)

	Yes for all developments Yes but only for some developments
$\boxtimes$	No
2. Fo	or which kinds of developments are ceiling rents in place? (select all that apply)
	For all developments For all general occupancy developments (not elderly or disabled or elderly only) For specified general occupancy developments For certain parts of developments; e.g., the high-rise portion For certain size units; e.g., larger bedroom sizes Other (list below)
	elect the space or spaces that best describe how you arrive at ceiling rents (select all at apply)
	Market comparability study Fair market rents (FMR) 95 <sup>th</sup> percentile rents 75 percent of operating costs 100 percent of operating costs for general occupancy (family) developments Operating costs plus debt service The "rental value" of the unit Other (list below)
f. Re	nt re-determinations:
or	tween income reexaminations, how often must tenants report changes in income family composition to the PHA such that the changes result in an adjustment to nt? (select all that apply)  Never  At family option  Any time the family experiences an income increase  Any time a family experiences an income increase above a threshold amount or percentage: (if selected, specify threshold)  Other (list below)
g. 🗌	Yes No: Does the PHA plan to implement individual savings accounts for residents (ISAs) as an alternative to the required 12 month disallowance of earned income and phasing in of rent increases in the next year?

# (2) Flat Rents

1. In setting the market-based flat rents, what sources of information did the PHA use to establish comparability? (select all that apply.)
The section 8 rent reasonableness study of comparable housing
Survey of rents listed in local newspaper
Survey of similar unassisted units in the neighborhood
Other (list/describe below)
B. Section 8 Tenant-Based Assistance
Exemptions: PHAs that do not administer Section 8 tenant-based assistance are not required to complete sub-component 4B. Unless otherwise specified, all questions in this section apply only to the tenant-based section 8 assistance program (vouchers, and until completely merged into the voucher program, certificates).
(1) Payment Standards
Describe the voucher payment standards and policies.
a. What is the PHA's payment standard? (select the category that best describes your standard)
At or above 90% but below100% of FMR
$\overline{\boxtimes}$ 100% of FMR
Above 100% but at or below 110% of FMR
Above 110% of FMR (if HUD approved; describe circumstances below)
b. If the payment standard is lower than FMR, why has the PHA selected this standard?
(select all that apply)
FMRs are adequate to ensure success among assisted families in the PHA's
segment of the FMR area  The PHA has chosen to serve additional families by lowering the payment
standard
Reflects market or submarket
Other (list below)
c. If the payment standard is higher than FMR, why has the PHA chosen this level?
(select all that apply)  FMRs are not adequate to ensure success among assisted families in the PHA's
segment of the FMR area
Reflects market or submarket
To increase housing options for families
Other (list below)
d. How often are payment standards reevaluated for adequacy? (select one)
Annually

	Other (list below)
	nat factors will the PHA consider in its assessment of the adequacy of its payment indard? (select all that apply)  Success rates of assisted families  Rent burdens of assisted families  Other (list below)
(2) Mi	inimum Rent
a. Wh	at amount best reflects the PHA's minimum rent? (select one)  \$0 \$1-\$25 \$26-\$50
b. 🔀	Yes No: Has the PHA adopted any discretionary minimum rent hardship exemption policies? (if yes, list below)  Admissions and Continued Occupancy Policy and Procedure: The Housing Authority shall grant an exemption from payment of this minimum rent if the

**Financial hardship.** The financial hardships shall include the following: suspend the minimum rent requirement immediately, until the Housing Authority determines whether there is a qualifying financial hardship and whether the hardship is long-term.

family is unable to pay that rent as a result of financial hardship, as described in

the responsible entity's written policies.

**Determination of Temporary Financial Hardship.** If the Housing Authority determines that there is a qualifying hardship, but that it is temporary, the Housing Authority reinstates the minimum rent from the time of suspension. The Housing Authority will not evict the family for nonpayment of the amount of minimum rent in excess of tenant rent otherwise payable during the 90-day period beginning on the date the family requested an exemption. The Housing Authority will offer the family a reasonable repayment agreement for the amount of back rent owed. If the Housing Authority determines there is no qualifying hardship exemption, the Housing Authority shall reinstate the minimum rent including the back payment for minimum rent from the time of suspension on terms and conditions established by the Housing Authority.

The Housing Authority recognizes that this requirement may impose severe hardships for some assisted families that have adjusted monthly incomes so low that their rental obligation is below the "minimum rent" charged. These families may be unable to pay the "minimum rent," which in turn may expose them to eviction for nonpayment.

Therefore the Housing Authority shall take action to ensure that families with severe hardships are not evicted specifically as a result of their inability to pay the new minimum rents.

# 5. Operations and Management

[24 CFR Part 903.7 9 (e)]

Exemptions from Component 5: High performing and small PHAs are not required to complete this section. Section 8 only PHAs must complete parts A, B, and C(2)

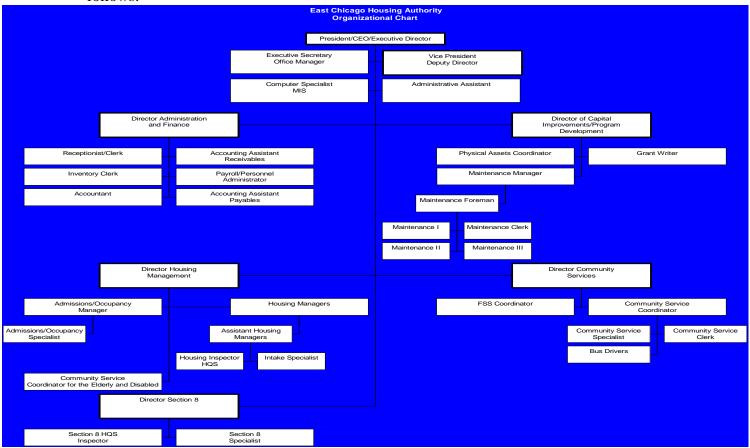

### A. PHA Management Structure

Describe the PHA's management structure and organization.

(select one)

An organization chart showing the PHA's management structure and organization is attached.

A brief description of the management structure and organization of the PHA follows:

## **B. HUD Programs Under PHA Management**

List Federal programs administered by the PHA, number of families served at the beginning of the upcoming fiscal year, and expected turnover in each. (Use "NA" to indicate that the PHA does not operate any of the programs listed below.)

# D. Reserved for Community Service Requirement pursuant to section 12(c) of the U.S. Housing Act of 1937

Establishing a protocol for exchange of information with all appropriate TANF agencies

#### Community Services and Economic Self-sufficiency Requirement

Other: (list below)

The 1998 Act adds a new requirement for non-exempt residents of public housing. Each non-exempt adult (eighteen years of age or older) resident must contribute eight (8) hours for each month of community service or participate in a self-sufficiency program for 8 hours in each month. Community service is service for which the individual volunteers. Self-Sufficiency Participation in self-sufficiency activities can satisfy part or all of a resident's requirement to perform community service. A non-exempt adult public housing resident may participate in an economic self-sufficiency program for 8 hours in each month. The 1998 Act defines economic self-sufficiency program to include activities that are designed to encourage, assist, train or facilitate economic independence.

#### a. Approved community services and economic self-sufficiency activities.

Each year, the ECHA shall, with the assistance of the resident organization (s), look at a broad range of self-sufficiency and community service activities. A list of acceptable self-sufficiency and community service activities shall be posted at the the ECHA office.

#### b. Exemptions to the requirement for community services and economic self-sufficiency.

These include adults who are 62 years of age or older, persons with disabilities, persons engaged in work activities (as defined by section 407(d) of the Social Security Act), and persons participating in a welfare to work program, or receiving assistance from and in compliance with a State program funded under part A, title IV of the Social Security Act. (For purposes of the community service requirement, an adult is a person 18 years or older.)

Persons eligible for a disability deduction are not necessarily automatically exempt from the community service requirement. The 1998 Act defines "disability" very narrowly for the purpose of the community service requirement. Further, the Act states that a person is exempt only to the extent the disability makes the person "unable to comply" with the community service requirement. The ECHA shall ensure that the community service and self-sufficiency programs are accessible to persons with disabilities.

Families who pay flat rent, live in public housing units within market rate developments, or families who are over income when they initially occupy a public housing unit are not automatically exempt.

#### c. Determining and documenting residents' exemptions.

The ECHA shall verify an adult's exemption status upon admissions and annually. An individual exempt by being over 62 years in age would not need verification. The ECHA shall document all exemptions for the resident's file. The ECHA shall follow the same standards of documentation for exemptions as it does for other verifications.

#### d. Changing exemption status.

A resident is permitted to change exemption status during the year if his/her situation changes. Unemployed residents, for example, shall be able to request a determination of exemption if they find work or start a training program. Persons eligible for a disability deduction are not necessarily automatically exempt from the community service, economic self- sufficiency requirement.

### e. Community Services Lease Requirements.

Under the 1998 Act, public housing leases must have 12 month terms. The lease must be automatically renewable except for noncompliance with the community service requirements. The public housing lease also must provide for termination and eviction for noncompliance with the community service requirements. The ECHA shall implement this provision for each family at the family's next regularly scheduled annual reexamination on or after October 1, 1999, and for families admitted after October 1, 1999. The PHA may not renew or extend the lease if a household contains a nonexempt adult who has failed to comply with the community service requirement.

#### f. **Documentation**

Documentation must be provided to verify the community service requirements. The documentation shall be placed in the resident's file at the time of reexamination.

## g. Noncompliance

The ECHA shall determine, on an annual basis, if non-exempt residents are in compliance. The ECHA shall permit noncompliant families to cure the noncompliance by requiring the noncompliant adult and the head of household to sign an agreement to make up the hours needed within the next 12-month period. Continued noncompliance will result in eviction of the entire family, unless the noncompliant family member is no longer a part of the household

# 13. PHA Safety and Crime Prevention Measures

[24 CFR Part 903.7 9 (m)]

Exemptions from Component 13: High performing and small PHAs not participating in PHDEP and Section 8 Only PHAs may skip to component 15. High Performing and small PHAs that are participating in PHDEP and are submitting a PHDEP Plan with this PHA Plan may skip to sub-component D.

14. RI	ESERVED FOR PET POLICY
	Part 903.7 9 (n)]
<b>Pet Pol</b>	icv
	A. Applicability
-	The following policies are established to govern the keeping of pets by ECHA
	residents in and on properties owned and operated by the ECHA. These
	requirements will be incorporated in the Pet Permit and will be an addendum to the

Residential Dwelling lease; violation of these regulations shall constitute a violation of said Lease.

#### **B.** Introduction

Both elderly and non-elderly families are permitted to keep common household pets in their dwelling units in accordance with the terms and conditions of their leases, applicable Indiana laws or regulations governing the owning or keeping of common household pets in dwelling accommodations and the ECHA policies, rules and procedures governing the owning and keeping of such pets in dwelling accommodations.

No one shall be denied admission to or continued occupancy to housing by reason of the person's ownership of a common household pet or the presence of such in that person's dwelling unit except in instances of refusal or failure to comply with State and local laws and rules and the ECHA policies, rules and procedures regarding the keeping of such pets.

Rules governing the owning and keeping of such are established for the purpose of providing a decent, safe and sanitary living environment for existing and prospective tenants, protecting the health and safety of the ECHA employees and the public, protecting and preserving the physical condition of the tenant units and general premises of properties, and protecting the authority's financial interest in its properties.

#### C. Definitions

Common household pet means a domesticated animal, limited to a cat, dog, bird, small fish or turtle, that is traditionally kept in the home for pleasure rather than for commercial purposes. Common household pet does not include reptiles, rodents, ferrets, piranhas, chickens, pigs or ducks. If this definition conflicts with any Indiana law or regulations restricting the owning or keeping of pets in dwelling accommodations, the Indiana law or regulations shall apply. This definition shall not include service animals that are used to assist the disabled.

Temporary visiting pet is a common household pet *not* owned by a tenant that is on ECHA property.

## D. Rules

#### 1. Registration

- a. Pets must be registered with the ECHA management office prior to the pet being brought onto the premises. An application to register the pet must be completed and approved in writing by the ECHA.
- b. The registration must be updated annually at the time of the annual reexamination of tenant income.
- c. The registration will include, but not be limited to:
  - i. documentation that the pet has had required inoculations.
  - ii. documentation that dogs and cats over six months old have been spayed and neutered. If the animal is too young for these medical procedures, the resident must agree to have the pet spayed or neutered within two weeks after the pet attains the prescribed age.
  - iii. the name, address, and phone number of one or more responsible parties who will care for the pet if the pet owner dies, is incapacitated or is otherwise unable to care for the pet.2. Security Deposit
- a. Tenants who own or keep a cat or dog in their unit must pay a \$150.00 refundable security deposit, known as a pet deposit. This deposit is in addition to any other security deposit required of the tenants.

- b. The pet deposit must be paid prior to the pet being brought onto the premises.
- c. The pet deposit may be used by the ECHA, after the tenant has vacated the unit or no longer owns or keeps a pet in the dwelling unit, to pay reasonable expenses directly attributable to the presence of the pet in the project, including, but not limited to, the cost of repairs and replacements to the fumigation of the tenant's dwelling unit.
- d. The pet deposit may also be used by the ECHA to provide the cost of an animal care facility in circumstances where the ECHA has had to remove the pet to such.
- e. The unused portion of the pet deposit will be refunded to the tenant within thirty (30) days after the tenant vacates the unit or no longer owns or keeps a pet in the dwelling unit.

## 3. Maintenance Fee

a. In addition to the security deposit, the resident will be required to pay a maintenance fee of \$5.00 per occurrence for failure to maintain in accordance with the provisions stated in this Pet Policy. The purpose of this fee is to reimburse the ECHA for the additional maintenance of the unit and grounds which are attributed to the pet. (e.g., removal of animal waste, fleas and other pest control, repair of damages caused by digging, etc.)

#### E. Basic Guidelines

1. Only the following types and numbers of pets will be allowed:

#### Dogs

Maximum number: one Maximum size: 15 pounds

Spayed or neutered.

Distemper and rabies shots (as required by the health department)

Treated for fleas (regularly)

Licensed and tagged.

#### Cats

Maximum number: one Maximum size: 10 pounds

Spayed or neutered.

Distemper and rabies shots (as required by the health department)

Treated for fleas (regularly)

#### **Small Caged Animals**

Maximum number: one

#### **Fish and Turtles**

Maximum aquarium size: 20 gallons.

- 2. Only one pet will be permitted per dwelling unit; in the instance of fish and turtles only one aquarium will be permitted per dwelling unit.
- 3. The pet must be kept inside the resident's home. Dogs must be leashed and appropriately and effectively restrained at all times when outside the unit. Under no circumstances is the pet to roam free in the building or on development grounds.
- 4. Pets are not permitted in the community rooms, laundry rooms and office areas of the buildings.
- 5. On development grounds, pets may be exercised in designated areas only. Pet owners are responsible for removing and disposing of all removable pet waste.
- 6. The tenant owning or keeping the pet is responsible for the control of noise by the pet. Barking, whining, etc. by the pet that disturbs the peace and quiet of the neighbors will not be tolerated.

7. The tenant owning or keeping the pet is responsible for any damages to the unit or the ECHA property attributable to the pet.

## F. Standards of Pet Care

The tenant owning or keeping pet is responsible for:

- 1. Providing adequate care, nutrition, exercise and medical care for the pet. Pets that appear to be poorly cared for will be reported to appropriate authorities.
- 2. Ensuring that the pet does not disturb the peace and quiet of the neighbors through noise and that the project environment is not adversely affected through odor, damage or destruction caused by the pet.
- 3. Keeping the pet under control at all times so that the pet does not physically annoy or frighten other residents, guests in the development or the ECHA staff.
- 4. Making arrangements for care of the pet during any absence of more than twelve (12) hours.
- 5. Exercising common sense and common courtesy with respect to other tenants who may have sensitivities, allergies to, be easily frightened of, or dislike pets.
- 6. Disposing of pet waste, litter, etc. pursuant to any instructions issued and posted by the ECHA's maintenance section.

#### G. Protection of the Pet

1. If the health or safety of the pet is threatened by the death or incapacity of the tenant owning or keeping the pet or by other factors that render the tenant unable to care for the pet, the ECHA may contact the responsible party or parties listed in the pet registration. If the responsible party or parties are unwilling or unable to care for the pet, or the ECHA, despite reasonable efforts, has been unable to contact the responsible party or parties, the ECHA may contact the appropriate local authority (or designated agent of such an authority) and request the removal of the pet. Any cost shall be borne by the tenant.

#### **H.** Inspections

1. If the ECHA has reasonable grounds to believe or has received a signed, written complaint alleging that the conduct or condition of a pet constitutes a nuisance or threat to the health and safety of the occupants of the development, then the ECHA may, after reasonable notice and during reasonable hours, enter and inspect the premises.

#### I. Violation of the Pet Policy

1. Violation of these rules regarding the keeping of a pet may be grounds for removal of the pet or termination of the tenancy.

# 15. Civil Rights Certifications

[24 CFR Part 903.7 9 (o)]

Civil rights certifications are included in the PHA Plan Certifications of Compliance with the PHA Plans and Related Regulations.

## Brief Statement of Progress in Meeting the Five-Year Plan Mission and Goals

The 5 Year Action Plan established priorities for housing in the City of East Chicago. Most of those priorities involving issues of preserving and expanding the city's stock of affordable housing, undertaking an initial program of economic development, providing public facilities, and focusing key community services in target neighborhoods. In meeting those priorities, the City of East Chicago has utilized its financial and human resources as strategically and effectively as possible. The priorities are designed to build upon successful existing activities and introduce new activities to enhance the City's ability to address the needs of low and moderate income citizens of the city. Many of the priorities or programs to be funded in the upcoming years are being administered by agencies and organizations that have been associated with the City and have valuable expertise and experience in implementing the City's housing goals.

## **Attachment C**

# **Definition of Substantial Deviation and Significant Amendment or Modification**

The East Chicago Housing Authority defines Substantial Deviation and/or Significant Amendment as follows:

- 1. changes to rent or admissions policies or organization of the waiting list;
- 2. additions of non-emergency work items (items not included in the current Annual Statement or 5-Year Action Plan) or change in use of replacement reserve funds under the Capital Fund;
- 3. additions of new activities not included in the current PHDEP Plan;
- 4. and any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.
